Truth hurts, is it true?

Teboho Matjeka

58911803 / 63574502

Most of us grew up with a notion that truth hits hard and hurts. When one thinks deeply about this statement we realise that it encourages lies. Let us be realistic here, none of us wants to be notorious of hurting people. If we were made to choose between telling a lie or hurting someone, most of us would rather lie. The statement, "truth hurts" has hurt our nation so much, we are now a nation of liars, we have been socialised to lie and still find no problem in that. I don't know if we are aware that the truth will only hurt those comfortable with lies and benefit from those lies. Those who are not comfortable with lies and are solution-oriented will never find solace in lies. We should learn that if we are comfortable in a state of lies, truth becomes foreign and solutions to the social ills that we have can never be found. It is high time that we teach those around us that it is better to hurt each other with truth than to mislead each other with lies. When we have managed to mislead people with our lies, they love not who we are but the image we created, let us show our true self, tell the truth and attract the right people.

FARMERS PITSO AWARDS 2024

HALALA! HALALA! HALALA!

OA LALA OA SAAALA!

FAMERS PITSO AWARDS – a platform for celebrating individuals' or organizations achievements in agriculture, are back on the 6th and 7th September 2024 at the Manthabiseng Convention Centre in Maseru. Nominations are open. The aim is to shine a light on phenomenal work across the industry, recognise, and honour Basotho farmers with outstanding contributions to the agricultural sector. (See our Facebook page-Farmers Pitso for details on how to enter or nominate someone/oneself).

Sasai Econet Financial Services pledges M350,000 to Lesotho Defence Force's Youth Development Initiative

Maseru, June 25 – Sasai Econet Financial Services, a subsidiary of Econet Telecom Lesotho, has today presented a cheque worth **M150,000** to the Lesotho Defence Force (LDF) Youth Development Program.

This significant contribution forms part of the **M350, 000** pledge that the company made to support LDF's ongoing efforts to empower Basotho youth and address critical issues such as ill-discipline, and a lack of patriotism among young people.

The LDF's Youth Development Program mirrors Econet Telecom Lesotho commitment to empower young Basotho, through the telecommunications giant's social investment arm – Higherlife Foundation, which continues to invest in education by offering scholarships to the vulnerable and orphaned under the Capernaum Scholarship and the academically gifted under the Moshoeshoe I scholarship.

"We are honored to support the Lesotho Defence Force in their commendable efforts to empower Basotho youth with essential life skills, thereby contributing to their overall well-being and future success in Lesotho. By investing in programs of this significance, we are also contributing to the betterment of our society. At Sasai Econet Financial Services, we believe in the power of youth development as a cornerstone for national progress and stability," said Mr. Lehlohonolo Matee, acting GM-Sasai Econet Financial Services.

On his part, the Commander of the Lesotho Defence Force Lieutenant General Mojalefa Letsoela commented: "We are deeply grateful to Sasai Econet Financial Services for this generous donation. This support will significantly enhance our youth development program, enabling us to provide them with the guidance and skills necessary to become responsible and patriotic citizens. Together, we can make a substantial impact on the lives of our youth and the future of our nation."

The partnership between Sasai Econet Financial Services and the Lesotho Defense Force underscores a shared commitment to addressing some of the most pressing challenges faced by Basotho youth today. By working together, both organizations aim to create a safer, more disciplined, and patriotic generation that will lead Lesotho towards a prosperous future.

Sasai Econet Financial Services is dedicated to providing innovative financial solutions and supporting community development initiatives. The company is committed to fostering economic growth and improving the quality of life for all Basotho.
